Biographies on the following pages

**Hernando Gomez, CFA, ASA, ABV, MBA, MF, MIB, CIBE, ITF**

**Principal - Valuation and Corporate Finance Advisory, Baker Tilly**

Hernando Gomez has more than 20 years of experience advising local and international companies and entrepreneurs. His consultative approach leverages his deep technical knowledge and vast hands-on business experience.

Gomez has been involved in dozens of domestic and international transactions and works closely with buyers, sellers, advisors and bankers to bring projects to fruition.

As an advisor and consultant, Gomez brings economic and financial intelligence to C-suite executives, start-ups, entrepreneurs and global clients to help drive business decisions.

He focuses on business valuations, including stock option valuations and equity-based compensation analyses, and estate and gift tax valuations; mergers and acquisitions; debt management; financial modeling; purchase price allocation analyses; and litigation international arbitration support for clients in a wide range of industries.

**Michael Rigby, CFA**

**Managing Director and Tax Valuation Services Co-Leader, Kroll**

Michael Rigby is a Managing Director in the Valuation Services practice at Kroll. He serves as US Tax Co-Leader for Valuation Services and as Product and Technology Leader for the practice. With more than 20 years of experience, Michael specializes in valuation for financial and tax reporting purposes, advising large multinational corporations, mid- and small-cap companies, and private equity firms across a wide range of industries.

In his role as Product and Technology Leader, Michael is focused on applying AI and advanced technology to modernize valuation and professional services delivery.

Michael holds a B.A. in business and economics (summa cum laude) from Wheaton College. He is a Chartered Financial Analyst and a member of the CFA Society Chicago.

## **Dushyant Sengar**

### **Co-Founder & Partner, RegVizion**

Dushyant Sengar is a Co-Founder and Partner at RegVizion LLC, where he leads the Model Risk Management and AI Governance Practice alongside the RegTech product development initiatives. He blends deep financial services expertise with cutting-edge technology to empower banks, credit unions, and fintechs.

With two decades of experience, he guides institutions through regulatory challenges such as SR 11-7, CECL, and Credit Risk using AI/ML, data science, MRM and innovative governance frameworks. His career highlights include launching NLP/GenAI products that saved \$1.5M+ and co-leading a \$3M+ MRM practice at a global Big 6 consulting firm. Today, Dushyant partners with financial institutions to help them adopt AI and analytics responsibly, serves on the Boards of various non-profits working in this area, enhancing model risk management and regulatory resilience while preserving sound decision-making tailored for the unique needs of community banks and beyond.
